Reduce. Relight. Recycle.

**Did you know you  
can recycle your  
used CFLs?**

**Not only is it a good idea,  
it's the law.**

**In addition to helping keep our environment  
clean, you're saving energy, too. Because CFLs use  
less – and we think that's a very bright idea.**

**To find the CFL recycling location near  
you, go to [lamprecycle.org](http://lamprecycle.org)**
